About the workshop:

Castle Hill Senior Drama will work towards making their own short film. Term 3 will focus on the nuts and bolts of short film making. Students will expand their ideas through improvisation exercises and write their own scripts. We will focus on techniques, scene work and relationship to camera. In term 4 students will create the characters and begin the process of shooting their scripts on location and in our mini studio. Once the group are happy with their filmed scenes they will be edited and turned into a short film for viewing on the big screen. This is also great start to a show reel, for those who would like to work in the industry.

StarTime established this process with our Academy classes and made the Top 50 in Trop Junior 2010.

About the Coach:

Simon Freestone

Simon Freestone has spent his life immersed in the fields of education and the performing arts. For the past 20 years he has worked as an actor and a professional clown and has taught Drama, clowning and English to children across Australia, Europe and South America for various schools including ATYP and Kids Up Front. Simon is a passionate teacher, with the rare skill of combining learning with creativity and humor which is why he is one of StarTime's most popular coaches. Simon has been performing in front of the camera for over 20 years in various forms, including short film, TV commercials and feature films. He started writing and directing his own films seven years ago and he's been teaching 'Acting for Camera' at StarTime's holiday workshops for 3 years. Last year he completed a Graduate Certificate in Media Arts and Production at UTS with a High Distinction and is working towards his Masters in film-making.
